THE REAL COMMUNITY-BUILDER.

The Chautauqua is the champion of neighborhood life at its best.

The Chautauqua appeals to and for the whole family. It pulls with father and mother for the best interests of the children. It glorifies home life and is always safe, sane and conservative.

The Chautauqua pays a hundred-fold in community betterment. In boosting it we proclaim our faith in all good things and we join the forces of progress. It is the ally of the home, the public school, the church, the community club, the Chamber of Commerce, the fraternal order—and every real business factor in the town and country.

The Chautauqua is a community college. If education is profitable, if culture is desirable, if morals pay, if clean entertainment is preferred, if progress beats stagnation, if our community really cares for the choicest things the times afford—we must boost the Chautauqua.

THE CHAUTAUQUA LECTURES. With all due respect to the splendid music and entertainment, represent the real aim and purpose of the big undertaking. Instruction, inspiration, and incentive come from listening to gifted and eloquent men who are not only orators but experts in their respective fields.

The Chautauqua this year brings to us John Merritt Driver, Dr. E. A. Boyl, Joseph G. Camp, H. S. Starnes, and Father Austin Fleming.

The late Elbert Hubbard, who went down on the Lusitania, has said: "No audience you can gather in America possesses so much phosphorus as does a Chautauqua gathering."

Four hundred women registered at Neosho, Saturday. Twelve registrars were kept busy all day and during the crowded hours of the afternoon they were obliged to have assistants. Automobiles were used to carry the women to the place of registration.

I would like to know the present name and address of Lucille Farmer, formerly of Monett. Anyone knowing same will confer a great favor by advising me. J. S. Boggs, 626 Lombard street, Springfield, Mo. 1916p

GET THE GOOD TOWN IDEA.

There is nothing the matter with Aurora. The matter is with you, if there is anything wrong. It is possible for there to be something the matter with the entire world through the eyes of a person with a grouch and the proper perspective can be gained by reaching the proper mental state. "Get the good town idea." When the name Aurora is mentioned it is the best little city-between the two big ponds. There are a host of things that it hasn't but its right up to snuff with a lot of others and the things it lacks it will get.

Get this idea, look at the city through eyes that can see the faults but at the same time can see the remedy and then work for the remedy. "Get the good town idea." Aurora is O. K. It is you that's crossed with the world. Stick your shoulder to the wheel. Help boost for better things and while boosting sing out a word of praise for your home town when ever you get too tired to boost.—Aurora Light.

Monett citizens, substitute Monett, for Aurora in the above article. Every citizen in every town should boost for the old home town first, last and all the time.

Go to the Monett drug store and get a 25-cent box of Rice face powder and a 25-cent all-wool powder puff for only 25 cents. 1816

Nothing adds to a town so much in appearance as good streets. Monett is gradually acquiring permanent hard surface streets, but many streets are still rocky and washed out in ditches. Drivers avoid these streets and the residents are isolated. The city gives an opportunity for the citizens to construct paving in any class of material they prefer. They should take advantage of the opportunity and improve as fast as they can make arrangements. A good paved street in front of a piece of property raises its value far above the price of the improvement. It may at first work a hardship in paying for it, but easy terms are made, and any property owner will be glad he has made this advance step when he sees the great advantage a resident on a paved street has over one who lives on one which is rough and unsightly. Let's improve the town and give the working man plenty to do. This is the way to keep a community prosperous.

Emily Waterman and Her Associate, Miss Rogers in Programs Here.

A very interesting and enjoyable feature of the Chautauqua will be the programs given by Miss Emily Waterman and her associate on the second day.

Miss Waterman is one of the country's great readers. The Chautauqua management has induced her to accept a summer tour of Chautauquas, taking her away from her work as a teacher and coach of dramatic talent in Chicago.

While here, Miss Waterman expects to read "Pollyanna" (and hopes that if you are not already playing the "glad game" you will join the players immediately.) "Excess Baggage," "gag," a baseball story, "Daisy Bobbit," the woman with the cork arm; "Brother," the story of an army dog, and many other fine things.

Emily Waterman is not like any one else, she is just the one inimitable Emily Waterman.

In her programs on the second day of the Chautauqua she will be ably assisted by Miss Florence Rogers, pianist and soprano.
